List of Hardy Perennial Plants

GROWN AND OFFERED FOR SALE BY

EDWARD J. CANNING,

Prospect Heights Nursery, Northampton, Mass.

Shipping Facilities. Northampton is 100 miles east of Boston, about 140 miles north of New York and about 18 miles north of Springfield, and has excellent shipping facilities in every direction. As all my plants are field grown, they are too large to send by mail and will invariably be sent by express unless otherwise instructed. Large orders of Paeonies and other dormant roots may be safely sent by freight.

Terms. Cash from unknown correspondents or satisfactory references.

Remittances should be made by Post Office or Express Money Order, by Check, or Registered Letter. Postage stamps may be sent for amounts under $1.00.

Prices. The prices in this list are net, except where extensive plantings would justify a special quotation.

Guarantee. I guarantee that all plants sent out shall leave here in good condition and that they shall be true to description, and if, through error any should prove untrue, to replace them without charge. It is obvious that I cannot guarantee that customers will make them live, as I have no control over conditions surrounding them and the care they will receive after they pass out of my control.

LIST OF HARDY PERENNIAL PLANTS

Commonly called old-fashioned

GARDEN FLOWERS FOR FALL AND SPRING PLANTING
